

The Meeting Solution for Your Hybrid Workplace

Hybrid workplaces have emerged in the face of the COVID-19 pandemic, as companies rethink their digital communication and collaboration strategies. Combining the traditional office presence with an unprecedented remote workforce, this new way of working requires organizations to not only equip meeting spaces for video, but to accommodate every virtual meeting platform.

Lifesize Icon meeting room solutions serve your hybrid business communication needs more effectively than any conferencing technology available today, offering native advantages in quality, security, reliability, and flexibility, combined with the universal interoperability to deliver a true Bring Your Own Meeting (BYOM) experience.

Unified video and voice calling

Interoperable with Teams, Zoom, and other apps

Lifesize Icon offers simplicity and versatility for the way you need to meet

Ultra HD experience

Secure, PC-free installation

Maximize your investment with Device Subscription Service (DSS)

Benefits

Whether you meet using Lifesize, Microsoft Teams, Zoom, Cisco Webex, Google Meet, or any other popular meeting service, our Lifesize Icon meeting room solutions are expertly engineered and tightly integrated to achieve the perfect balance of performance and user experience.

ALL-IN-ONE

Video conferencing and voice calling

Move beyond complicated device configurations and one-size-fits-all room kits, simplifying your meeting room experience with fully integrated, plug-and-play Lifesize Icon camera systems sized right for every space, suitable for any workflow, and delivering the highest standards of video and audio quality. The included Lifesize Phone HD is also a SIP-compatible speakerphone, so no separate conference phone is necessary.

INTEROPERABLE

Connect with anyone, anywhere

Use the same best-in-class technology for every interaction. Host and join meetings on any service with robust interoperability options that include SIP, H.323, Cloud Video Interop (CVI) Gateway, and our native Lifesize Connect solution to connect seamlessly with Microsoft Teams, Zoom, and other third-party video conferencing applications.

VERSATILE

Made for the way you meet

Supporting one-touch join, real-time directory dialing, ad-hoc calling, and scheduled meetings, Lifesize Icon is simple, flexible, and accommodating to the way you work. And with Lifesize Connect, you can transition seamlessly from meeting to meeting, moving freely between services and applications.

NATIVE 4K RESOLUTION

Meet in Ultra High Definition

Enjoy the closest experience to being there for virtual meetings, trainings, and presentations with point-to-point calls and content sharing supported in resolutions up to 4K UHD and multi-way video conferencing in up to 1080p when connected to the Lifesize cloud-based service.

ENTERPRISE-GRADE

Secure, PC-free room installation

Purposefully designed for enterprise communication, centrally and remotely managed, and built to last, Lifesize Icon room systems allow you to avoid the security risks, IT maintenance burden, and limited life cycle of component solutions built around a PC.

MAXIMIZE VALUE

Get even more with Lifesize DSS

Maximize your investment with Lifesize Device Software Subscription (DSS), which connects your Icon system to the Lifesize cloud service and enables valuable enterprise benefits to include:

- Enhanced features, including Lifesize Connect
- Comprehensive interoperability
- System management & monitoring
- Automatic updates
- Hardware replacement
- Dedicated customer support

More Than Hardware – A Premium End-to-End Solution

Our meeting room systems are easy to deploy and use within any video conferencing environment, but Lifesize is more than just hardware. With our award-winning cloud-based service, complementary suite of software and apps, and multi-purpose meeting room technology, we offer a comprehensive, native collaboration experience made for the hybrid workplace of the modern enterprise. Contact us to learn more about how Lifesize can work for you.
