Lifesize®

We believe every person and every conference room in your organization deserves to be video-enabled with the best communication tool available — Lifesize!

The benefits of giving everyone and every room in your organization a Lifesize account are enormous. For employees, everyone is in the shared directory, not just a select group of people. You're all connected at all times, making collaboration quick and easy and boosting productivity. For admins, there's no need to allocate and track individual utilization — we handle it!

With our flexible subscriptions, you can add the optional features you want, like more virtual meeting rooms, Microsoft Integrations, Lifesize Record and Share — our recording and sharing solution — and many more. You can also add Lifesize Extreme Support, which provides a dedicated Customer Obsession Team, a financially backed service level agreement and 24x7x365 support.

Best of all, you can purchase a multiyear subscription now, saving you money and giving you price protection.
